*Celebrate what is. Commit to what can be.*

## Children's Therapy Center is a Sensitive Location

Since 1979 Children's Therapy Center has been devoted to serving children with special needs and their families. We welcome and serve all families, and we celebrate the differences that make each family unique. We recognize the importance of parents, family and other caregivers in child's success. As an inclusive health care and learning institution in our community, Children's Therapy Center is designated as a Sensitive Location.

As a Sensitive Location, we expect federal authorities not to conduct immigration raids on any of our properties.

As a Sensitive Location, this is what you can expect from Children's Therapy Center:

- Children's Therapy Center will provide a safe place for children with special needs and their families to learn and grow.
- We welcome people of all races, nationalities, ancestries, religious affiliations, gender identities, sexual orientations, marital statuses, abilities and backgrounds to participate in our programs.
- We will protect your privacy.
- We will not ask you or your visitors for your immigration or citizenship status, or your country of origin.
